Expert Reviews:

Edmunds.com: Spacious interior; excellent visibility; comfortable ride; strong crash scores; commendable off-road performance for a wagon; simple controls on lower trims.

newCarTestDrive.com: During a week of nasty Pacific Northwest winter, and it gave us a sense of security like few cars can, confident that with the Outback under us we could breeze through whatever weather we were dealt.

KBB.com: If you value the capability of an SUV to handle cargo and rough roads, but appreciate high ratings for safety, fuel-efficiency and driving enjoyment, the Outback wagon is likely the best mix of these virtues on the market.

CarAndDriver.com: One of the first attempts to make a car-based SUV, the Outback is spacious, comfortable, and ready for any weather. Like the Legacy sedan upon which it is based, it has a sporty feel.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
