### Expert Reviews:

Edmunds.com: Attractive interior and exterior design, supple ride quality, spacious seating in all three rows, copious cargo space, easy to drive considering its size, excellent safety scores.

newCarTestDrive.com: If you're in the market for a luxurious family hauler, give this one a long, serious look. It makes much more sense than a heavier, more wasteful truck-based SUV for anyone who doesn't need to tow a heavy load.

ConsumerReports.org: Buick's Enclave is a large, car-based SUV with a spacious third-row seat and sound ride and handling. Nicer interior finish, a quieter interior, and a softer ride set it apart from its siblings, the GMC Acadia Chevrolet Traverse, and Saturn Outlook.

### *JDPower.com Power Circle Ratings*

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
