Expert Reviews:

Edmunds.com: Smooth ride; high fuel economy; comfortable and handsome cabin; spacious trunk; capable handling; impressive value; strong safety scores; lengthy warranty.

newCarTestDrive.com: The Hyundai Sonata models are more powerful, while hanging right in there with the other brands on the U.S. Environmental Protection Agency's fuel economy ratings.

KBB.com: Given the Sonata's exceptional fuel economy and that many other fuel-sipping standouts are annoyingly stingy in their pedal response, the Sonata's eagerness is refreshing.

CarAndDriver.com: Strong and efficient powertrains; solid road manners; beat the Accord in a comparison test; megawarranty; hot exterior styling; well-crafted interior.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
