### Expert Reviews:

JDPower.com: The BMW X6 is designed to transport 4 with the highest level of on-road sport, luxury and elegance. According to BMW, "the new X6's design combines the sporting elegance of a large BMW coupe with the powerful presence of a BMW X model."

Edmunds.com: The X6 adds details like sportier seats and steering wheel that make the cockpit feel more like a sport sedan's than an SUV's. Cushioned center console sides (to help protect knees during aggressive cornering) are also unique to the X6. Luxurious leather upholstery is standard throughout the cabin as is dark wood trim for a decidedly upscale flavor.
