### Expert Reviews:

Edmunds.com: for those desiring an affordable all-wheel-drive economy car or, on the opposite side of the spectrum, those wanting a serious four-door performance car

newCarTestDrive.com: Subaru has remade itself into a premium brand and nowhere is that more evident than in its expansive Impreza line of compact cars. Premium features come not in the form of fancy interiors but in the form of sophisticated all-wheel-drive systems, turbocharged engines and high-quality engineering designs.

KBB.com: the only compact car to offer Symmetrical All-Wheel Drive, making it ideal for traversing deep snow or mud-covered roads, because all four wheels are constantly engaged

ConsumerReports.org: The Impreza is one of the most agile small sedans we've tested. Body lean is restrained, and steering is responsive with good feedback.
