Expert Reviews:

Edmunds.com: Overall interior materials quality is solid, and the gauges and the center stack are attractively designed. As such, the Impreza's interior looks and feels a cut above that of many rivals.

newCarTestDrive.com: This lowers the center of gravity and improves the balance, contributing to agile cornering. What's more, the Impreza shares the quick WRX steering rack, with 2.8 turns lock-to-lock, and a tight 34.8-foot turning circle. You can definitely feel it, and it's good. It's sporty.

KBB.com: For many, all-wheel drive is a must to make it through the wet seasons, snowy winters or just loose rural terrain. Even on dry pavement, this feature offers additional grip around curves and an added sense of security.

ConsumerReports.org: The comfortable ride is impressive. Standard electronic stability control and impressive crash-test scores are also big pluses.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
