### Expert Reviews:

Edmunds.com: More grown up in both size and character than past iterations, the 2011 Subaru Forester is a top pick in the highly competitive small SUV segment.

newCarTestDrive.com: Rack-and-pinion steering helps give the Forester a tight steering radius, similar to the RAV4 and tighter than the CR-V, making parking and maneuvering easy. It all adds up to an enjoyable and capable vehicle to drive.

KBB.com: An agile vehicle built to handle practically anything man or nature can put before its tires, the latest iteration has a much more contemporary-looking exterior complemented by a more spacious interior and a smoother, quieter ride.

CarAndDriver.com: Based on the Impreza platform, the latest Forester is bigger in every dimension, with more room for rear seaters, more suspension travel, and more ground clearance.

### *JDPower.com Power Circle Ratings*

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.

### *Expert Reviews*
