Edmunds.com: It's hard to find a better value in the entry-level luxury sedan market than the Acura TSX. This Acura's blend of attractive styling, refinement, high-tech features and fun driving dynamics at a low price is tough to beat.

newCarTestDrive.com: It's hard to find a better value in the entry-level luxury sedan market than the Acura TSX. This Acura's blend of attractive styling, refinement, high-tech features and fun driving dynamics at a low price is tough to beat.

KBB.com: Here is where the magic begins. The Acura TSX's interior is clad in the finest materials, far superior to anything in its price range. The seats are wonderfully comfortable and supportive for sporty drives.

ConsumerReports.org: The TSX is more nimble than the Audi A4 and Volvo S40. Its steering is responsive, communicative, and well-weighted. On our handling course, the TSX was secure and predictable at its limits, helped by its standard electronic stability control.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
