Expert Reviews:

Edmunds.com: The CR-V is perfect if you're looking for an alternative to a small car, and maybe some all-weather capability thrown in for good measure. Something that doesn't feel like it's about to get run over in traffic, but can still get decent gas mileage and be reliable long-term.

newCarTestDrive.com: The CR-V rides well whether the roads are smooth or rough. It rides more smoothly than most sport utilities, which makes for pleasant motoring beat-up city streets. It feels sure-footed on twisting roads. Even when driven hard, the CR-V handles reasonably well. It doesn't push excessively at its front end or slide at the rear, and the tires offer good grip.

KBB.com: Climb inside the CR-V and discover an open, airy cabin with plentiful head, hip and legroom both front and rear. You'll love the way the CR-V places you up high with a commanding view over lesser vehicles.
