### Expert Reviews:

Edmunds.com: Consistent with its upscale interior, the Mazda 3 tends to drive like a much more expensive sport sedan. Thanks to its performance-oriented chassis tuning, the 3 rewards the driving enthusiast with quick and communicative steering, a lack of discernible body roll and lots of grip on twisty blacktop.

newCarTestDrive.com: The Mazda3 has far more visual presence than you'd expect from a car with a Japanese nameplate. The designers worked hard to give this car the kind of character that will set it apart from other compact cars, and the result is a surprisingly bold look.

KBB.com: You can shop this segment until the cows come home and not find as handsome an interior as in the Mazda MAZDA3. A racy three-pod instrument cluster, red dash lighting and long list of standard and optional features make the MAZDA3 feel like a high-priced sports sedan.

ConsumerReports.org: Agile handling gives the car a sporty feel. Body lean is controlled, and the steering is quick and precise. The Mazda was forgiving and attained a high speed in our avoidance maneuver test.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
