Expert Reviews:

Edmunds.com: Overall Nissan has done well here -- those looking for a comfortable, surprisingly well-equipped economy hatchback with a healthy dose of cheeky styling may want to think inside the box.

newCarTestDrive.com: Small on the outside, it's easy to maneuver, easy to park, and it's EPA-rated at 31 miles per gallon Highway. Yet it's big on the inside. It seats five people, with miles of headroom and acres of cargo space.

ConsumerReports.org: Tall and boxy, it has an enormous amount of space and easy access.

CarAndDriver.com: The light steering is great in traffic and outward visibility is unsurpassed.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
