### Expert Reviews:

Edmunds.com: Grand Vitara has one of the best interiors we've seen in any Suzuki -- and it competes well with other compact-SUV class leaders. Design and materials are comprised of flowing lines and soft textures

newCarTestDrive.com: With fully independent suspension, able engines and a clean cabin, the Grand Vitara does not have the rough-and-tumble ride quality and cabin surroundings the term four-wheel drive often conjures up. It is quite happy on the pavement and doesn't ask any compromises.

KBB.com: legible instruments, logical control layouts and three 12-volt power points. The comfortable front seats provide good lateral support while the seatbacks of the 60/40-split rear bench offer adjustable reclining and room for two six-foot adults or three kids.

ConsumerReports.org: Good steering response, suppressed body lean, and compact dimensions aid routine handling. The Grand Vitara posted a good speed through our avoidance maneuver, helped by standard stability control.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
