Expert Reviews:

Edmunds.com: Grand Vitara has one of the best interiors we've seen in any Suzuki -- and it competes well with other compact-SUV class leaders. Design and materials are comprised of flowing lines and soft textures

newCarTestDrive.com: With fully independent suspension, able engines and a clean cabin, the Grand Vitara does not have the rough-and-tumble ride quality and cabin surroundings the term four-wheel drive often conjures up. It is quite happy on the pavement and doesn't ask any compromises.

KBB.com: legible instruments, logical control layouts and three 12-volt power points. The comfortable front seats provide good lateral support while the seatbacks of the 60/40-split rear bench offer adjustable reclining and room for two six-foot adults or three kids.

ConsumerReports.org: Good steering response, suppressed body lean, and compact dimensions aid routine handling. The Grand Vitara posted a good speed through our avoidance maneuver, helped by standard stability control.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
