Expert Reviews:

Edmunds.com: There's a healthy 47 cubic feet of cargo room...a number that jumps to an even healthier 90 cubic feet with all the rear seats folded down. This is far more space than the Grand Cherokee offers and more than many large crossovers (such as the Ford Explorer and Honda Pilot) as well.

KBB.com: ...the 4Runner is built with adventure in mind. This SUV is still adept as a daily driver, and with its outstanding reliability record and seating for up to seven, it's a tempting choice for lovers of the outdoors...

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.

Expert Reviews

Expert Reviews are excerpts from reviews and automotive awards from sites across the internet. The sites include newCarTestDrive.com, Edmunds.com and other similar sites.

The positive Expert Reviews are only excerpts of the full article or review. The full article may contain additional comments, both positive and negative, regarding the vehicle. For a more complete understanding of the scope of the review, you should read the entire review or award, which can be obtained from the referenced site.
