### Expert Reviews:

Edmunds.com: The RAV4 has always impressed with its blend of versatility, space and engine choices that are both powerful and fuel-efficient.

newCarTestDrive.com: Among the best of the compact SUVs. The RAV4 excels at convenience and ease of use. It can move lots of people or lots of gear on a moment's notice.

KBB.com: Toyota engineers have achieved their objective of car-like driving dynamics in a practical SUV package. High-strength steel increases the body's rigidity for improved ride, handling, steering and (if necessary) crash energy management, weighs less and reduces noise, vibration and harshness.

ConsumerReports.org: It is agile and roomy, it rides comfortably, and it has a smooth drivetrain and a flexible interior.

*JDPower.com Power Circle Ratings*

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.

*Expert Reviews*

Expert Reviews are excerpts from reviews and automotive awards from sites across the internet. The sites include newCarTestDrive.com, Edmunds.com and other similar sites.

The positive Expert Reviews are only excerpts of the full article or review. The full article may contain additional comments, both positive and negative, regarding the vehicle. For a more complete understanding of the scope of the review, you should read the entire review or award, which can be obtained from the referenced site.
