### Expert Reviews:

Edmunds.com: The Chevrolet Aveo is still one of the most popular -- and least expensive -- subcompact cars in the U.S.

newCarTestDrive.com: Aveo was designed to offer sensible, day-to-day transportation. Its ride is tuned more for comfort than sporty driving. Comfort is important when commuting through heavy, stop-and-go traffic and the Aveo won't spill your coffee on the way to work.

KBB.com: If you're looking for budget-conscious, efficient basic transportation you'll like the Chevrolet Aveo.

*JDPower.com Power Circle Ratings*

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
