Expert Reviews:

Edmunds.com: Thanks to head-turning styling, a fuel-efficient engine, a long list of standard safety features and upscale options, the 2013 Hyundai Elantra stands as a top pick for a compact sedan.

newCarTestDrive.com: One of the best compact cars on the market, the 2013 Hyundai Elantra continues to be a winning combination of compelling styling, able performance and interior comfort.

KBB.com: Hyundai's in-house transmissions - a 6-speed automatic or 6-speed manual - both work well to wring the most out of the Elantra's 148-horsepower engine while also getting the most out of the regular unleaded gasoline it uses.

CarAndDriver.com: Evidence of Hyundai's meteoric rise in quality and substance is no more vivid than in the case of its compact Elantra sedan.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
