Expert Reviews:

Edmunds.com: Penned by a former Audi designer, the Kia Forte's sleek exterior signals that it's no longer business as usual in Kia's compact sedan department.

newCarTestDrive.com: The interior is classy and intelligently designed, which is to say everything is there where you need it. The seats are comfortable and supportive.

KBB.com: Out on the open road, we've found it to be one of the category's quieter and more comfortable cruisers. On tighter, twistier asphalt, the Forte is quick when pushed and corners confidently.

CarAndDriver.com: The exterior lines look sharp, the interior is well executed, and the level of standard equipment—including Bluetooth and Sirius satellite radio—is high. The prices are right, too.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
