Expert Reviews:

Edmunds.com: Sleek styling, a high-class interior and plenty of performance combine to make the 2012 BMW Z4 a highly desirable roadster. Its new base engine for this year makes it even better.

newCarTestDrive.com: Several technologies in BMW's new engine enable the Z4 to keep its sporty dynamics while achieving what BMW says will be a 20 percent improvement in fuel economy.

KBB.com: In most instances 2-place roadsters provide almost cocoon-like passenger cells, but the Z4's seems more open and accessible, providing an easy intimacy that can be enjoyed during a run for coffee - or a run for the border.

CarAndDriver.com: Shark-like good looks, fuel-efficient and powerful four-cylinder engine, a choice of two smooth sixes, stiff structure, retractable-hardtop security.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
