### Expert Reviews:

Edmunds.com: Even entering the sixth year of its present generation, the 2011 BMW 3 Series remains the best entry-level luxury sedan you can buy.

newCarTestDrive.com: The BMW 3 Series cars are the quintessential BMWs. They accelerate, turn and stop with remarkable agility and balance, without seriously compromising comfort or common sense.

KBB.com: While any number of manufacturers will adapt key elements of BMW's mainstay into their product portfolio, no one - to date - has duplicated the 3's seductive combination of performance, handling and day-to-day utility.

Automedica.com: Offers still more of that delightful driving character and balance with a choice of 3.0-liter naturally aspirated or turbocharged I-6 power and a whole lot more.

CarAndDriver.com: Just what a sports sedan should be; comfortable, refined, powerful, luxurious, and a reward to drive every day.

*JDPower.com Power Circle Ratings*

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.

*Expert Reviews*

Expert Reviews are excerpts from reviews and automotive awards from sites across the internet. The sites include newCarTestDrive.com, Edmunds.com and other similar sites.

The positive Expert Reviews are only excerpts of the full article or review. The full article may contain additional comments, both positive and negative, regarding the vehicle. For a more complete understanding of the scope of the review, you should read the entire review or award, which can be obtained from the referenced site.
