Expert Reviews:

Edmunds.com: Upscale and stylish interior; supportive front seats; smooth ride.

newCarTestDrive.com: The all-wheel-drive works smoothly, without penalty in fuel economy, and it's truly welcome when the weather gets foul. Buyers who don't need all-wheel drive can choose an XC90 with front-wheel drive.

KBB.com: If you only occasionally use a third-row seat and you place a higher value on safety and comfort than projecting a flashy image, the 2011 Volvo XC90 deserves to be near the top of your car shopping list.

CarAndDriver.com: Looks like a Volvo, those great Volvo seats.

JDPower.com Power Circle Ratings

Power Circle Ratings (the Ratings) are developed by J.D. Power and Associates for JDPower.com. All Ratings are based on the opinions of consumers who have actually used or owned the product or service being rated. Since the Ratings are based on J.D. Power and Associates research studies that survey a representative sample of owners, they are indicative of what typical buyers may experience.

High ratings for a particular product/service/company do not necessarily mean that every customer will have a positive experience. It simply indicates that, on average, consumer perceptions of the product/service/company indicate that it stands out when compared with competitive products/services/companies.
